

SOTC 2021 Employer Reflections

- Catherine was AMAZING. She's such a hard worker, great verbal and written communicator, paid attention to details, and knew how to deal with difficult volunteers and partners. If she didn't want to be a doctor, we'd hire her in a heartbeat.
- The contributions of our SOTC interns was invaluable in allowing us to accelerate projects, benefit from different perspectives, and provide better service to our clients.
- Samavi was such an asset to our organization this summer. She worked as a programmer on our website, and also a cloud architect and created a migration plan for moving from Amazon Web Services to Microsoft Azure. She was a pleasure to have in the office and we all really enjoyed getting to know her. She is a self motivated, hard worker and we are all confident that she has bright things ahead of her.
- Our intern mentioned on her first day that she loved to write. She did a good job writing social media content and organization and teacher newsletters, and updating brochures, fact sheets, and websites.
- Aileen was an exceptional intern. She successfully completed multiple projects and initiatives. I hope she is a future physician at MetroHealth.
- Jochie was a pleasure to work with. Our staff was working in a hybrid model, spending only two days a week in the office. Jochie was responsive when we were working remotely and always ready to lend a hand or learn something new when we were in the office. As a rising junior, I was constantly surprised by her professionalism. I'm grateful that she had the SOTC community here in Cleveland to enhance her experience and provide her with an additional network outside of our staff.
- SOTC is a small but mighty team who changes lives, one Cleveland summer at a time. This was our 3rd SOTC intern who exceeded our expectations on every level. I am not a native Clevelander so it was fun to watch our intern discover all of the amazing things this city has to offer in much the way I did.
- My intern exceeded my expectations. She was very professional. She added value to our summer programming. She was thoughtful. She also loved to learn more about the Cleveland area and explored the city and surrounding parks with her SOTC friends.
- Zainab exceeded my expectations. She greatly contributed her help to the EPMO on several projects. Her professionalism, poise and presentation skills are beyond her years! Sorry to see the internship end.
- Melissa was wonderful to have on our team for the summer. She was thoughtful, hard working, and a great team member. We appreciated all of her work and wish her the best in the future!
- Keryane was a great addition to our team. She was not afraid to take initiative for projects. Keryane was always willing to assist her teammates and other people in the organization.
- Ivy was an exceptional intern. We always appreciated the dedicated support of the SOTC staff (Eric, Katie, Sophia, etc.) and UChicago that made this another great year!
